Windy
SPIRIT OF SCANDINAVIA

First for quality

When Windy Boats was established in 1966 our first sport boats set new standards for performance and craftsmanship. 50 years on, we're still driven by the urge to be the best. All Windy Boats bear the hallmark of quality without compromise, drawing on five decades of boat building excellence, and centuries of Scandinavian seafaring heritage. Put simply, we build better boats because we're Windy. It's in our DNA.

Spirit of

Scandinavia

Second to none

Windy builds boats like no other shipyard in the world. Classic speed boats that are beautiful to behold, and a joy to drive. Technically advanced sport cruisers that deliver class-leading performance and fuel economy. Safe, confidence-inspiring offshore cruisers that put families at ease. And awe-inspiring custom supertenders that not only look sensational but can be relied on to perform.

Windy 29 Coho

The Windy 29 Coho sports cruiser is an evolution of the enormously successful Windy 28 Ghibli, taking all of its best elements and bringing them bang up to date.

29 coho

Our award-winning deep V hulls are renowned for delivering an exhilarating, yet stable and dry ride. Distinctive interiors by leading superyacht designers combine clean Scandinavian lines with luxurious detailing. And every boat is hand-finished with Windy's customary perfectionism using the highest quality components and finest materials. For Windy customers, only the best will do.

Interior layout & material selections

Designed for outdoor living and relaxation, the Coho features a versatile cockpit layout complete with new generation canopy system. Large hull windows let in swathes of light down below, where the upgraded accommodation centres on a spacious and luxuriously finished double berth forward, with a practical head and shower compartment, and a well equipped galley area.

Overall dimentions

Length	8,85
Beam	2,70
Height	2,05
Weight incl. engine	3250 kg
Fuel tank	400 l
Fresh water	80 l
Berths	2 pers

29 CohoGT

The Windy 29 Coho GT sport cruiser is an evolution of the enormously successful Windy 29 Coho, taking all of its best elements and bringing them bang up to date. With her pared-down, classic profile and extended rapier sharp deep-v hull she is lighter, stronger and more economical than the Ghibli thanks to her resin-infused construction. She is faster too, with a blistering top speed of over 45 knots.

29 coho GT

Windy

Conceived primarily as a dayboat, she has a practical two-berth cabin and head compartment tucked under the foredeck. Her deep, safe cockpit is both social and versatile, with a moveable aft sunbed, and can be easily protected with her new generation canopy system or bimini sun-shade. As such, she will appeal to buyers in all markets - from the short but sweet summers of Scandinavia to the cool lakes of Switzerland and the hotspots of the Mediterranean.
